Abelssoft, Ascora GmbH (Abelssoft) hereby gives you a non-exclusive license to use this software (the Software).

For evaluation, the license is granted, and is time-limited to 30 days.

For registered release you have to pay a license fee, by following instructions prompted by the program.

After payment of the license fees you may use your purchased version depending on your selected license type. Updates and new versions also refer to your license type.

- Current Version: Use allowed for an unlimited time. Updates and subsequent versions for 6 months included.
- Saver Subscription: Usage is valid for the duration of an active subscription. During an active subscription you will receive all updates and subsequent versions at any time.

  We reserve the right to adjust the price of a subscription under the following terms. You will be notified at least four weeks in advance if the price of a subscription changes. Your consent may be required to continue the subscription. If you object in time, the contractual relationship will be continued under the previous conditions; in this case, however, we reserve the right to terminate the contract at the end of the term. Among others, the following elements influence the prices: Production and licensing costs, costs of providing the technical infrastructure of the services, customer service, administrative costs, overhead costs (e.g. rent, energy costs), government imposed fees, taxes and duties.

- Lifetime Updates: Use is allowed for an unlimited time. Updates and new versions of the program are granted for life. This right of use is not transferable and also ends if the product is discontinued.

You may:
- use the Software on any single computer;
- copy the Software for archival purposes, provided any copy contains all of the original Software's proprietary notices.

You may not:
- permit other individuals to use the Software;
- modify, translate, reverse engineer, decompile, disassemble (except to the extent applicable laws specifically prohibit such restriction),
- create derivative works based on the Software;
- copy the Software (except as specified above);
- rent, lease, transfer or otherwise transfer rights to the Software;
- remove any proprietary notices or labels on the Software.
